

Multi Guard® Iron Free 60 Tablets

EAN: 5055148413323

FABRICANTE: LAMBERTS

Broad spectrum of nutrients without iron or iodine. This comprehensive multi-vitamin formula provides a broad spectrum of key nutrients at clinically relevant levels.

DESCRIPTION

There are several reasons why an iron-free formulation might be suitable such as those with iron sensitivity or post-menopausal women and men over 50, who require less iron in their diet. We have also omitted iodine from the formulation for those with thyroid problems.

The formula contains vitamin C, E, A, D, B6, folic acid, B12, selenium, zinc and copper, which are important for the immune system/natural defences. It also provides excellent levels of B vitamins, many of which are essential for energy metabolism (the transformation of food into energy).

- Iron-free, for people with iron sensitivity.
- For postmenopausal women and men over 50 years of age.
- Iodine-free, for those with thyroid problems.
- Excellent levels of vitamin B which are needed to release energy from food.
- Good levels of antioxidant nutrients, vitamins C and E.

Each tablet provides:

Vitamin A	200 µg RE
Vitamin D (D3)	10 µg
Vitamin E	36 mg α-TE
Vitamin C	120 mg
Thiamine (B1)	5.5 mg
