

Prostex 90 Capsules

EAN: 5055148409944 FABRICANTE: LAMBERTS

It is common for men to experience prostate gland disorders from the age of 50 onwards due to hormonal changes.

DESCRIPTION

Beta sitosterols are widely distributed in the plant kingdom, in plants such as *Saw palmetto*, *Nigella sativa*, *Pygeum africanum*, *Urtica dioica*, *Sea buckthorn* and even *Cannabis sativa*. They are also found in popular foods such as nuts, avocados, pumpkin seeds, cashews, rice bran, wheat germ, corn oils, soybeans and dandelion coffee. They are all present with the same molecular structure.

Our Prostex® formula provides a total of 320 mg of effective Beta Sitosterols per two tablets, of the highest quality available. It also contains Vitamin D3, as it plays an important role in the normal function of the immune system and in a healthy response to inflammation. We included the mineral Zinc, which contributes to the maintenance of normal testosterone concentrations in the blood.

Furthermore, vitamins C and E, as well as zinc, contribute to the protection of cells from oxidative damage. Prostex® also provides three important amino acids: alanine, glycine and glutamic acid, as well as an adequate level of the bioflavonoid quercetin, known to have useful properties.

Today, Beta sitosterol has become a household word as it is being used as a functional ingredient in many foods we consume, known for its cholesterol-regulating properties.

This product contains Beta sitosterol from pine, at a much more concentrated level than the amount of this active ingredient found in Saw palmetto, since Saw palmetto berries contain a mixture of fatty acids, flavonoids, polysaccharides and sitosterols, with a lower concentration of the active ingredient Beta sitosterol.

Oval green tablet.

Two tablets provide:

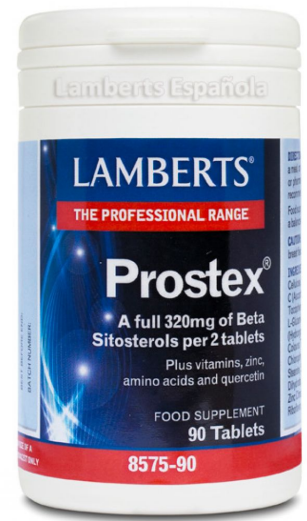

Vitamin D (D3)	10 µg	Glycine	140 mg
Vitamin E	68 mg	L-Glutamic Acid	140 mg
Vitamin C	300 mg	L-Alanine	140 mg
Thiamine (B1)	10 mg	Beta Sitosterols	320 mg

Prices valid except for changes on our website. (IVA/VAT) included. Doc. Version bf-trf-G-20241222
