

Vegan Vitamin D3 1000 IU 90 Capsules

EAN: 5055148412890 FABRICANTE: LAMBERTS

Vegan Vitamin D3 1000 IU (25 μg) as cholecalciferol. Natural plant source of vitamin D3 from algae.

DESCRIPTION

Natural plant-based source of vitamin D3. Vegan capsules. Algae extract, naturally rich in vitamin D3. Provides a total of 1000 IU of vitamin D3 per capsule.

More and more people are becoming vegan every day for different reasons, whether environmental, health or animal welfare. These vegan vitamin D3 capsules are ideal, whatever the motivation.

Lamberts Vegan Vitamin D is 100% non-GMO, algae-derived vitamin D3 (cholecalciferol). NMR testing has shown it to be chemically identical to animal sources of vitamin D3), the most bioavailable form of vitamin D.

As well as being suitable for vegetarians and vegans, Lamberts Vegan Vitamin D3 offers a fully sustainable and traceable supply chain process from start to finish with full control of quality and purity.

Vitamin D plays many important roles in the body. It contributes to:

- Maintenance of normal bones.
- Maintenance of normal muscle function.
- Maintaining normal function of the immune system.
- Cell division process.
- Normal absorption/utilization of calcium and phosphorus.
- · Normal blood calcium levels.
