Vitamin D3 20 ml

EAN: 5055148412807 FABRICANTE: LAMBERTS

Liquid vitamin D, in drops as D3 or cholecalciferol. Each drop provides 100% NRV, in a base of virgin olive oil.

DESCRIPTION

Vitamin D drops are an easy and convenient way to take this vitamin and are therefore an excellent option for the whole family.

Each drop provides 5 µg (200 IU) of vitamin D3. Each 20 ml bottle contains 600 drops making it a very useful and cost effective way to ingest vitamin D.

- Suitable for the whole family (3 years and older).
- Each drop = 200 IU/5 µg D3.
- No preservatives.
- Based on virgin olive oil.
- 600 drops per bottle.
- 100% NRV of D3 in every drop.
- Easy and convenient to carry.
- Tasteless and odorless, pleasant even for the most demanding.

Vitamin D3 is suspended in a base of virgin olive oil.

We have also added a blend of natural tocopherols of vitamin E to the oil, an important antioxidant that prevents the oil from going rancid. Plus, it has the advantage of being preservative-free.

Vitamin D has many important functions in the body such as:

- Helps maintain good bones.
- Contributes to the maintenance of normal muscle function.
- Improve the normal function of the immune system.
- Contribute to the process of cell division.
- Optimizes the normal absorption/utilization of calcium and phosphorus.
- Maintains normal levels of calcium in the blood.

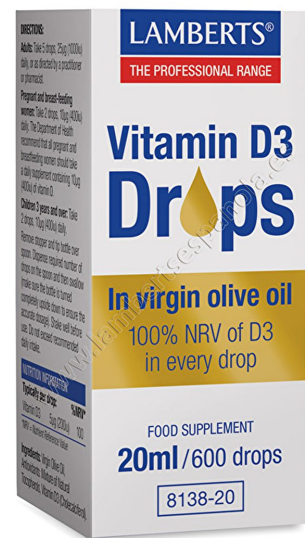

Prices valid except for changes on our website. (IVA/VAT) included. Doc. Version bf-trf-G-20241226
