EAN: 8429007036454 FABRICANTE: LAVIGOR

*Antiox face cream is an antioxidant face cream with SPF30 sun protection. Antiox face cream is suitable for all skin types. Prevents and corrects the loss of elasticity and the appearance of expression lines.*

### DESCRIPTION

**Antiox SPF 30 by Lavigor** is an **antioxidant** face cream with 30 sun protection, which combines three cutting-edge molecules against free radicals: hydroxytyrosol, Ascorbic Acid 2-Glucoside and resveratrol.

Antiox facial cream from Lavigor is indicated for all skin types. Prevents and corrects the loss of elasticity, the appearance of expression lines and the formation of wrinkles, direct consequences of the progressive deterioration of elemental components of the skin such as collagen, the cell membrane and even the cell DNA itself, due to the action of the free radicals; Lavigor Antiox prevents solar erythema and the effects of photoaging, and protects against pollution.

### What are the active ingredients of Antiox de Lavigor?

The active ingredients of Antiox SPF30 from alvigor are:

- Hydroxytyrosol: antioxidant.
- AA2G Ascorbic Acid 2-Glucoside: antioxidant, lightening and regenerating.
