Margan is a manufacturer that has the ApiVie brand. ApiVie is a propolis-based brand of excellent quality. The propolis is collected from the oldest bees and enriched with their secretions and waxes. Pollen contributes to physical performance. Honey is a sweet substance that bees make from the nectar of flowers. ApiVie guarantees the best quality of conservation.

DESCRIPTION

MArgan is a French laboratory. Its propolis-based products are designed with the beneficial properties of Royal Jelly. Royal Jelly contains acetylcholine, a substance that improves memory and makes our intellectual abilities more efficient. Acetylcholine is present in the brain, spinal cord, and all areas of the nervous system. It should be noted in passing that royal jelly is the only natural source of pure acetylcholine.
