DESCRIPTION

MARNYS® Oregamar Bio contributes to the functionality of the **digestive processes**, due to the presence of **Carvacrol** in *Origanum vulgare*.

Carvacrol is a polyphenol and is the main bioactive compound in Oregano. **MARNYS® Oregamar Bio** contains a minimum of **60% carvacrol** and 4% thymol. It also contains **olive oil**, whose content of **Omega 9** monounsaturated fatty acids (oleic acid) is a valuable support for body **well-being**. **Oregano** is widely used as a culinary agent, as well as a flavoring agent and in traditional herbalism, where its **useful action on digestion** has been documented. **MARNYS® Oregamar Bio** and its **Oregano oil** have the following property:

- It contributes to the **normal functioning of the gastrointestinal system** (EFSA ON HOLD 2824).

MARNYS® Oregamar Bio is an **ideal supplement** for people who want to preserve their gastrointestinal functioning. It comes in **two formats**: soft gelatin capsules for better conservation and dosage, and in liquid format for use in water or juices (*see instructions for use*). Its **ingredients** are of agricultural origin obtained following the rules of **organic farming**.

HOW TO USE:

- Take 1 to 3 drops mixed with a little water or juice (30 ml). Take between 1 and 8 times a day according to need and spacing out the doses.
- If oral use extends beyond 2 weeks, combined intake with MARNYS REDUTRIM PRO is recommended.
