DESCRIPTION

What is Organic Aloe Vera Oil and what is it for?

MARNYS® Organic Aloe Vera Soothing Oil is highly moisturizing and regenerative for the skin.

It is especially useful after exposure to the sun or after waxing, moments in which redness and irritations usually appear on the skin. This oil offers a calming effect that helps relieve these discomforts.

What properties does the Organic Aloe Vera Oil have?

MARNYS® 100% Vegetable Oil is a highly beneficial product for the skin, since it is 99.9% BIO.

This oil is especially effective in maintaining the natural protective function of the skin thanks to its abundant content of fatty acids.

In addition, it helps to preserve the elasticity of the skin and favors its hydration and renewal.

It is perfect to apply after sun exposure or waxing, as it soothes solar erythema and soothes irritated skin.

It is also ideal to use after aesthetic treatments, providing a calming effect.

Despite being an oil, it does not clog pores and is immediately absorbed by the dermis without leaving a greasy feeling on the skin.

What is the composition of the Organic Aloe Vera Oil?

Sunflower Oil*, Aloe Vera Extract*.

*Ingredients from organic farming.

How is the Organic Aloe Vera Oil used?

Apply to the skin daily with a light massage, until completely absorbed.
