

Hepafine 180 Gastroresistant Tablets

EAN: 8437020265478 FABRICANTE: Méderi Nutrición Integrativa

Food supplement based on plant extracts, minerals and choline.

DESCRIPTION

What is Hepafine from Mederi Nut used for?

Picrorhiza kurroa helps maintain healthy liver function, supporting digestion and purification of the body. Supports the immune system and the body's defenses.

Dandelion (*Taraxacum officinale*) contributes to the functions of the intestinal tract. Helps the physiological pH balance of the stomach.

Milk Thistle (*Silybum marianum*) contributes to liver protection and its detoxifying potential. It helps maintain liver function and also promotes digestion and purification of the body. Useful to maintain physiological purifying functions.

Artichoke (*Cynara scolymus*) helps detoxify and maintain the flow of digestive juice, keeping the liver healthy and contributing to intestinal well-being.

Schisandra chinensis is useful for maintaining physiological purifying functions.

Desmodium adscendens improves liver function thanks to its hepatoprotective effect.

Selenium contributes to the normal functioning of the immune system and the protection of cells against oxidative damage.

Molybdenum contributes to the normal metabolism of sulfur amino acids.

What is the recommended daily dose of Hepafine from Mederi Nut?

Take six tablets a day divided into three doses, preferably before meals, with half a glass of water.

What is the composition of Hepafine from Mederi Nut?
