

Eco Mega Plus Coconut Oil 250 g

EAN: 8435041060706 FABRICANTE: MEGA PLUS

Mega plus coconut oil is an organic, vegan oil and is used for cooking. Mega Plus coconut oil is also used in hair care cosmetics to make hair grow faster and to give it shine and vitality. It is also used for skin care to care for and moisturize it in cases of eczema or psoriasis.

DESCRIPTION

Mega Plus coconut oil is suitable **for cooking**, or to drink directly. Mega Plus coconut oil is rich in fatty acids, including lauric acid, which is also present in breast milk.

Mega Plus coconut oil, in addition to being used gastronomically, is also used in cosmetics for the **care and hydration of the skin**, it gives a smooth and silky appearance to the skin and is not greasy. It also makes **hair stronger** and faster to grow. Mega Plus Coconut Oil is organic, non-refined, non-deodorized, non-bleached and non-hydrogenated.

Mega Plus coconut oil is suitable for gluten-free diets or for celiac people, it does not contain cholesterol. It is also suitable for those who are lactose intolerant because it is a lactose-free product and does not contain trans fats either.

Mega Plus coconut oil solidifies at room temperature, so that it becomes liquid it is enough to put it under a stream of hot water.
