

Magnesium 100 mg 60 Tablets

EAN: 8436583690147 FABRICANTE: NATURBITE

Naturbite magnesium is recommended in treatments against depression and stress since it prevents anxiety, phobias, tics and insomnia. In addition, naturbite magnesium has an antithrombotic, anti-inflammatory and cardioprotective function.

DESCRIPTION

Naturbite magnesium is a food supplement. Its importance is such that it is considered absolutely essential for the proper functioning of the body and, in a very special way, of the **heart**, the **arteries**, the **musculoskeletal apparatus** and the **nervous, endocrine** and **digestive** systems. Its absence is reflected by the appearance of various symptoms: hypertension, gastrointestinal disorders, menstrual disorders, muscle weakness (accompanied by cramps, spasms, jerks, tremors, numbness and tingling), fatigue, drowsiness, seizures, depression, asthenia, loss of appetite, nausea, impaired intellectual capacity (confusion, disorientation, behavioral changes, etc.), constipation, and increased likelihood of forming harmful calcium deposits in the kidneys, blood vessels, and heart. It also increases the risk of cardiovascular accidents.
