

OPT MSM NATURBITE 1000mg 60 Tabs

EAN: 5072588106110 FABRICANTE: NATURBITE

Naturbite methyl sulfonyl methane acts as an anti-inflammatory in joints, tendons, ligament pain, stiffness, muscles and loaded joints.

DESCRIPTION

Methyl-sulfonyl-methane naturbite is a food supplement, it is a natural component that exists in many foods. In the human body it is found in small concentrations in body fluids and tissues. It acts as an **anti-inflammatory** and enables the body to recover cells and regenerate damaged tissue structures. MSM Naturbite reduces pain in inflammatory processes in joints, tendons, synovial bursa, in intervertebral disc problems and in many other muscular and motor system processes. In athletes, it helps with stiffness and pain in ligaments, muscles and loaded joints. MSM also works as an important **anti-allergy**.
