### DESCRIPTION

**Instructions for use:** Add an anise star (approx. 1 g) to a cup of boiling water (200 ml.). Remove from heat, cover, let sit for 5 minutes and filter. Take the following amounts of this infusion after the main meals.

Adults: 1 cup of infusion.

Children from 6 to 12 years: ½ cup of infusion.

Children from 2 to 6 years: 4 tablespoons\* of infusion, either directly or dissolved in a little water.

Infants and children under 2 years of age: 1 tablespoon\* of the infusion, either directly or dissolved in water, in a glass or bottle. Important: in infants or children under 2 years of age, never exceed the recommended quantities.

\*One tablespoon is equivalent to approximately 10ml. The infusion should be consumed immediately, and it is not advisable to save the excess amount for later as it loses its properties and can spoil.
