

## Agnus Castus Plus 60 Vegetable Capsules

EAN: 8435110852164    FABRICANTE: NATURLIDER

*Agnus Castus is a natural product from Naturlider (also called Vitex Agnus Castus), which helps regulate hormonal imbalances caused by premenstrual syndrome.*

### DESCRIPTION

**Agnus Castus Plus from Naturlider** is made up of agnus castus and vitamin B6. Both exert a regulatory action on the hormonal cycle of women and contribute to the normal functioning of the nervous system.

Vitex agnus castus is the scientific name of Sauzgatillo or Vitex, a plant that regulates the **hormonal imbalances** that occur in **premenstrual syndrome** and during the menstrual cycle. Vitex Agnus Castus is a product created by the gynecologist **Miriam Al Adib Mendiri** in collaboration with Naturlider.

The common name of the agnus castus is Sauzgatillo or chaste tree, hence the fruits of the chasteberry were used by medieval religious to eliminate desire, although at other times it was used to obtain completely opposite effects.
