EAN: 8435110851952    FABRICANTE: NATURLIDER

*Naturlider Astaxanthin is a food supplement based on astaxanthins that acts as an antioxidant.*

### DESCRIPTION

#### What is Astaxanthinalider from Naturlider and what is it used for?

Astaxanthinalider is a food supplement from Naturlider. Astaxanthin is the carotenoid that gives salmon or prawns their red color. It is produced by various types of microalgae. In photosynthetic organisms, carotenoids play a vital role in reaction centers, either by participating in the process of energy transfer or by protecting the reaction center against auto-oxidation.

In non-photosynthetic organisms, carotenoids have been linked to oxidation prevention mechanisms. People are unable to synthesize carotenoids and must obtain them through their diet.

#### What are the ingredients of Naturlider Astaxanthin?

The ingredients of Naturlider Astaxanthin, per capsule are:

Astamarine® Astaxanthin Powder (*Haematococcus pluvialis*) 250 mg,  
Bulking agent (maltodextrin),  
Anti-caking agents (magnesium stearate and silicon dioxide).  
Colorants (E-171, E-122 and E-172).

#### What is the recommended daily dose of Naturlider Astaxanthin?

The recommended daily dose of Astaxanthin from Naturlider is one or two capsules a day, with a glass of water and preferably with a meal.
