NUMCKAGRIP NATURLIDER ADULTS 250 ml (formerly Numckatos)

EAN: 8435110851587 **FABRICANTE:** NATURLIDER

- Numckagrip Naturlider is contraindicated in case of diabetes.
- Numckagrip Naturlider must not be given together with antacids containing aluminium.
- Numckagrip Naturlider is contraindicated if you are being treated with anticoagulants (warfarin) due to the risk of reduced prothrombin time (only in high doses of vitamin C).
- Due to its immunostimulant effect, it is recommended not to use products with echinacea in case of autoimmune diseases, immunodeficiencies, immunosuppressive treatments or conditions that cause an increase in leukocytes. In these cases, it is necessary for the doctor to evaluate the convenience of its administration and supervise the treatment. Atopic patients should consult a doctor before starting treatment with echinacea preparations, due to the risk of anaphylactic reactions.
