

NUMCKATOS BALSAMICO NATURLIDER 250 ml

EAN: 8435110851501 FABRICANTE: NATURLIDER

Balsamic Numckatos is a product based on honey and plant extracts that performs a protective and calming action on the upper respiratory tract. It acts against dry cough, counteracting irritation of the mucosa, and against productive cough, favoring hydration and the elimination of mucus. In addition, due to its vitamin C content, it contributes to the normal functioning of the immune system.

DESCRIPTION

Naturlider balsamic numckatos is a food supplement based on echinacea, propolis, which gives it immune support in **colds and flu** due to its antibiotic and antiviral actions, as well as helping to care for the vocal cords and the throat. Among the plant extracts, it contains thyme that has properties to combat **irritative cough**, elderberry that is indicated for the common cold, mallow for the treatment of inflammation of the oral mucosa and **dry cough** associated with irritation of the pharyngeal mucosa.
