

## PROPOLE & ECHINACEA NATURLIDER 60 Vcaps

EAN: 8435110810256 FABRICANTE: NATURLIDER

*Propolis and echinacea Naturlider has antibacterial and antiviral action that helps our immune system in cases of infections, thus shortening their duration. Propolis is a natural antibiotic, so it is indicated in case of sore throat.*

### DESCRIPTION

**Propolis and echinacea Naturlider** is a food supplement that can be taken as a preventive against colds or it can be taken as a treatment once the first symptoms of the infection or **cold** appear.

One of the most natural and effective ways to keep our immune system healthy and strong is by taking this Propolis and Echinacea from Naturlider, as it can help our body's immune system, as this product helps reduce fever, **mucus** and **cough**, not only associated with a cold but also with other diseases of the respiratory system, thus facilitating and accelerating the recovery process.

It is a product rich in vitamin C and copper, which help reduce **tiredness** and **fatigue**, and increase the absorption of iron. In addition, it contains manganese that contributes to cell protection against oxidative stress.

Prices valid except for changes on our website. (IVA/VAT) included. Doc. Version bf-trf-G-20241122
