

SABALLIDER NATURLIDER 60 Vcaps

EAN: 8435110850382 FABRICANTE: NATURLIDER

Saballider Naturlider is used to keep the prostate healthy and to prevent benign prostatic hyperplasia, it is also effective for taking care of the bladder.

DESCRIPTION

Saballider Naturlider is a food supplement based on sabl. The Sabal plant, also called wild palm, is native to the Southeastern United States and the Caribbean. They form large masses of vegetation that resist drought very well, constituting the habitat of numerous species that seek the protection of their leaves. Fatty acids such as capric, caprylic, lauric, oleic, tannins, beta-carotene, flavonoids, etc. stand out in their composition.

Sabal berries were traditionally used as food by the Seminora American Indians. In addition, the native Indians used the fruits of this palm tree for numerous problems related to the prostate, the bladder, etc. That is why Saballider Naturlider is a phytotherapeutic compound based on saba fruits and whose indications are the care of the **prostate** and the **bladder**.
