

ARTICHOKE + DANDELION 60 Comp

EAN: 5605481408250 FABRICANTE: NATURMIL

The Naturmil artichoke and dandelion have hepatoprotective, cholagogue and choleretic action, it is an antioxidant, fights constipation, and is diuretic.

DESCRIPTION

The **artichoke and dandelion Naturmil** also contains vitamins B1, B6, B12 and vitamin C. These vitamins enhance the metabolizing action of the artichoke on the metabolism of the liver, so that the **detoxifying function of the liver** is reinforced. Vitamin B1 acts on liver enzymes. vitamin B6 and B12 act on the metabolism of fats. And vitamin C has antioxidant function.

Keep in mind that this food supplement from Naturmil laboratories is **sugar-free, starch-free, lactose-free and gluten-free**. It is also a **vegan** product.

Cynarin, in addition to aromatic acids and flavonoids, is the main responsible for the properties of the Artichoke: **Hepatoprotective, purifying, liver detoxifying, diuretic.**
