

## Npro Antiox 100 ml

EAN: 8436539966036 FABRICANTE: NPRO

*Natural probiotic. Fermented from plants and functional foods. Contains turmeric, silicon, blackcurrant and willow.*

### DESCRIPTION

Npro ANTIOX joints is a food supplement rich in bioactive substances derived and obtained from the fermentation of turmeric, black currant, ginger, black pepper, willow, tabashir and horsetail, to which have been added lactic acid bacteria, black grape must, sea salt, stevia, calcium ascorbate, magnesium chloride, silicon dioxide and vitamins D3, B12, B2, B3, C and E.

### What is Npro ANTIOX used for?

NPro ANTIOX is useful in cases of IBD, inflammatory bowel disease (hyperpermeability, Crohn's, irritable bowel, etc.), musculoskeletal conditions, while promoting the regeneration of internal tissues, skin, nails and hair, thanks to the synergy of anti-inflammatory and silicon-rich plants present in its composition.
