

## Npro Defenses 100 ml

EAN: 8436539966043 FABRICANTE: NPRO

*Natural probiotic. Fermented plant and functional foods. Contains honey, pollen, royal jelly and propolis.*

### DESCRIPTION

**NPro DEFENSAS** , with open pollen, honey, jelly and propolis, emulates the beneficial synergism of the honeycomb, increases our energy and supports the assimilation capacities of the intestinal flora.

**NPro SIMBIOTICS** is a range of food supplements rich in probiotic strains and fermented phytotherapy. Probiotic strains ferment, resulting in postbiotic ingredients such as enzymes, vitamins, minerals and other high-value metabolites. It also provides the benefits of fermented phytotherapy itself, with better assimilation and bioavailability.

### What is NPro defenses for?

People who are subject to great psychophysical wear and tear due to stress, overexertion, sports activity or intellectual overwork. Chronic fatigue, prostatic hyperplasia, anemia and all processes that require dynamization of the body's functions.

### Instructions for use

Take one dose 2 to 3 times a day, mixed with water or juice, preferably on an empty stomach or before meals. One dose is equivalent to 20 drops, 2 ml or a teaspoon.
