EAN: 8436532900372 FABRICANTE: NPRO

*It promotes the cleansing processes of the digestive tract and promotes intestinal comfort by reducing discomfort caused by gas accumulation.*

### DESCRIPTION

#### What is NPro Detoxintest?

**NPro Detoxintest** is a product that promotes the cleaning processes of the digestive tract and promotes intestinal comfort by reducing discomfort caused by gas accumulation.

**NPro Detoxintest** is formulated based on ultra-fine active carbon from coconut shell and food grade, chlorella algae with broken cell wall that facilitates its absorption, coriander leaf and white clay or kaolin in micronized powder. The synergistic activity of its ingredients enhances its action, achieving greater effectiveness than that of the same ingredients separately.

#### What is NPro Detoxintest for?

For people who need purification and elimination of toxins from the digestive tract. Acidity problems, heavy digestion, bad breath, diarrhea and excess gas due to aerophagic flatulence and/or bloating. Emollient protection of the intestinal mucosa and provision of chlorophyll, fatty acids and vitamins.

#### What is the composition of NPro Detoxintest?

One scoop contains:

- Coconut active carbon 2g.
- Chlorella pirenoydosa Bio 1g.
- Coriander ES 10:1 1g.
- White clay or kaolin 0.5g.
- Green anise 0.5g.

#### What is the recommended daily dose of NPro Detoxintest?

One scoop a day in one go, 45 minutes before eating or two hours after. If you take another medication or
