

NPro Detoxintest 90 Capsules

EAN: 8436532901829 FABRICANTE: NPRO

NPro DETOXintest favors the processes of cleaning and draining toxins from the digestive tract. It promotes intestinal comfort by reducing the discomfort caused by the accumulation of gases.

DESCRIPTION

What is NPro Detoxintest for?

For people who need purification and elimination of toxins from the digestive tract. Acidity problems, heavy digestion, bad breath, diarrhea and excess gas due to aerophagic flatulence and/or bloating. Emollient protection of the intestinal mucosa and provision of chlorophyll, fatty acids and vitamins.

NPro Detoxintest is formulated with ultra-fine active carbon from food-grade coconut shell, chlorella algae with broken cell wall that facilitates its absorption, coriander leaf, and white clay (micronized powder). The synergistic activity of its ingredients enhances its action, achieving greater effectiveness than that of the same ingredients separately.

What is the composition of NPro Detoxintest?

- Active coconut charcoal 250 mg.
- Chlorella pirenoydosa Bio 125 mg.
- Coriander Dry extract 10:1 125 mg.
- White clay or kaolin 65 mg.
- Green anise 65 mg.

What is the recommended daily dose of NPro Detoxintest?

Six capsules a day with a large glass of water.
