Food supplement that promotes digestive processes and helps maintain the health of the gastrointestinal tract.

DESCRIPTION

What is Npro Enzimdigest?

NPro ENZIMdigest is formulated with enzymes of plant and fermentation origin, which promote the correct assimilation of carbohydrates, fats and proteins. It also contains natural Betaine HCl, which helps in the absorption of vitamins and minerals, promoting the correct PH of the stomach and intestinal tract for better digestion.

What is Npro Enzimdigest for?

For people with difficulty in digestion, with problems in the correct assimilation of nutrients, it helps prevent gastroesophageal reflux and the overgrowth of bacteria and fungi, reduces bad breath, flatulence and the feeling of heaviness and bloating after of the food..

In addition, due to its protease content, it can be helpful in reducing the symptoms of arthritis and other inflammatory diseases. Especially useful in diets in which an extra supply of protein is necessary, for athletes, dietary deficits, etc.
