EAN: 8436539965060 FABRICANTE: NPRO

It promotes the regeneration processes of the intestinal epithelium and mucosa, and also improves the processes of intestinal hyperpermeability.

DESCRIPTION

What is NPro L-Glutamine?

NPro L-GLUTAMINE favors the regeneration processes of the intestinal epithelium and mucosa, and also improves the processes of intestinal hyperpermeability.

Its main ingredient is the amino acid L-Glutamine, which is key for the formation of proteins and represents the main source of energy for the renewal of intestinal cells. It also contains vitamin C, which in small doses favors the bioavailability of L-Glutamine and improves its organoleptic properties.

Plus NPro L-GLUTAMINE It is formulated with high quality ingredients. With L-glutamine that is highly absorbed at the intestinal level due to its fermentative and 100% vegetable origin (Kyowa Quality),

What is NPro L-Glutamine used for?

For anyone who needs to promote regeneration and care for the intestinal epithelium and mucosa. In general for any pathology that needs to improve intestinal hyperpermeability processes.

Instructions for use of NPro L-Glutamine

1 scoop (5g) per day. Dissolve in water or juice and take half an hour before food.
