

NPro Multiprobiota 30 Vegetable Capsules

EAN: 8436532901195 FABRICANTE: NPRO

NPro MULTIPRObiota serves as support in the treatment of intestinal dysbiosis, in case of gastrointestinal disorders such as diarrhea, constipation and dyspepsia, involvement of the microbiota due to taking antibiotics, depressed immunity due to low microbial activity, food intolerances, atopic dermatitis or in vaginal dysbiosis .

DESCRIPTION

What is NPro Multiprobiota?

NPro MULTIPRObiota includes 18 microbial strains and 15 billion CFUs per capsule. Latest generation probiotics with enteric protection and slow release using the DR caps system. Without carbohydrates or prebiotic fibers that may cause intolerances and intestinal discomfort. Suitable for FODMAP and low histamine diets.

Probiotics promote vitamins and neurotransmitters, promote the digestion and absorption of minerals, the barrier effect against pathogens, as well as the adequate intestinal pH, preventing the proliferation of undesirable microorganisms and protecting the intestinal and vaginal flora. Probiotics reduce inflammatory activity, dysbiosis, intestinal hyperpermeability and modulate the immune response by promoting T-Regulatory lymphocytes.
