NUAEPA 1200 from NUA laboratories is a very effective food supplement for our cardiovascular health, to maintain normal levels of triglycerides in the blood, and as an anti-inflammatory.

DESCRIPTION

What is NUAEPA 1200 from NUA Laboratories?

NUAEPA is a food supplement from NUA laboratories rich in omega 3 that contributes to normal psychological function, a good functioning of the cardiovascular system and to reduce inflammation.

What is NUAEPA 1200 from NUA laboratories used for?

NUAEPA contains a high content of EPA, which is an omega 3 fatty acid, we can find it in oily fish, but when it is not consumed or an insufficient amount is consumed, it is necessary to take a supplement such as NUAEPA, which serves to maintain the correct functions of the cardiovascular system, decrease inflammation and in case of psychiatric disorders.

What uses does the NUAEPA 1200 from NUA laboratories have?

NUAEPA contains DHA and EPA. DHA and EPA contribute to the maintenance of normal blood pressure, as well as keeping blood triglycerides at normal values and another of their uses is to maintain normal heart function.

What benefits does NUAEPA have from NUA laboratories?

DHA and EPA provide us with several benefits, such as helping to maintain normal blood pressure, they also help maintain our normal blood triglyceride levels and, on the other hand, they provide us with a beneficial effect on the normal functioning of the heart. EPA acts more effectively in lowering cholesterol, since it lowers LDL ("bad") cholesterol, and it is also very effective in lowering triglycerides. EPA also acts as an anti-inflammatory in people with chronic inflammation.

How to take NUAEPA 1200 from NUA laboratories?

The recommended daily amount is 1 to 3 pearls per day with meals. It is also possible to alternate the daily intake of 2-1-2-1. The pearl can be opened and its content mixed with lemon yogurt, smoothies, purees...
