

## Orthomol Arthro Plus Granules 30 Envelopes

EAN: 8470001603807    FABRICANTE: ORTHOMOL

*Orthomol arthroplus is a food supplement. Thanks to its composition, it helps relieve pain, improve joint function and stabilize the cartilage structure.*

### DESCRIPTION

#### What is Orthomol Arthro Plus and what is it for?

Orthomol arthroplus combines important micronutrients for **cartilage** and **bones**, which is why it is indicated for the dietary management of **osteoarthritic disorders or diseases of the musculoskeletal system such as, for example, osteoarthritis.**

Scientific data shows that the combination of essential components of cartilage (chondroitin sulfate, glucosamine, collagen and hyaluronic acid), as well as Omega-3 fatty acids (DHA and EPA) are of great importance for pain reduction. In addition, vitamin C and E and other micronutrients such as zinc, selenium, copper and manganese are essential in bone metabolism.

Thanks to its composition, it helps relieve pain, improve joint function and stabilize the cartilage structure.

#### What is the composition of Orthomol Arthro Plus?
