EAN: 8470001587121 FABRICANTE: ORTHOMOL

*Orthomol immun is a dietary food that contains important micronutrients for immune deficiencies of nutritional origin, such as those that may occur, for example, in recurrent respiratory tract infections.*

### DESCRIPTION

#### What is Orthomol® Immun?

Orthomol® Immun is a food supplement. Important micronutrients for the immune system. Vitamin A, folic acid, vitamin B6, vitamin B12, vitamin C, vitamin D, selenium, iron, copper and zinc contribute to the normal functioning of the immune system. Vitamin A, riboflavin (vitamin B2), biotin and niacin contribute to the maintenance of normal mucous membranes (for example, the oral mucosa). Vitamin A, thiamine (vitamin B1), riboflavin (vitamin B2), vitamin B6, vitamin B12, pantothenic acid, niacin, vitamin C, biotin, iodine, manganese, iron and Copper contributes to normal energy metabolism. Vitamin C, vitamin E, riboflavin (vitamin B2), zinc, selenium, copper and manganese contribute to the protection of cells against oxidative damage. Instructions for use Take the contents of a drinkable vial daily along with the tablets during or after a meal. Shake well before use.

#### How long should I take Orthomol® Immun?

Micronutrients are needed daily, so regular use over a long period of time is recommended.

#### Important observations

? Orthomol® Immun in the form of administration of drinkable vials/tablets is gluten-free in accordance with EU Regulation No. 828/2014. It is also lactose free.

? This product contains a separate iodine tablet. If you suffer from thyroid dysfunction, please consult your doctor before taking this product.

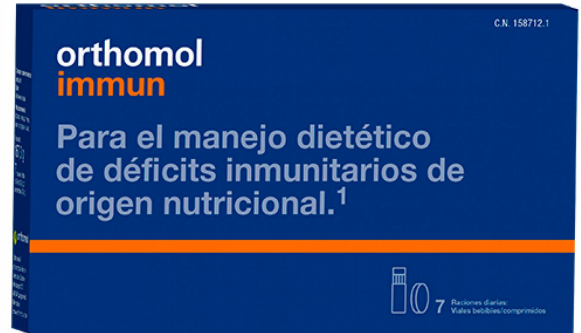

? Orthomol® Immun in the form of administration of drinkable vials/tablets contains readily available carbohydrates (6.4 g per daily serving). In case of glucose tolerance disorders, use only under careful metabolic control.

? If you suffer from oxalate kidney stones, please consult your doctor before taking this product.

## Orthomol Immun Drinkable 7 Vials

EAN: 8470001587121 FABRICANTE: ORTHOMOL

? Do not exceed the recommended daily dose.

? Food supplements should not be used as substitutes for a balanced and varied diet and a healthy lifestyle.

? Keep out of the reach of little kids. Other useful information

? Due to the content of riboflavin (vitamin B2), urine may appear yellow.

? Occasionally, the amount of vitamin C contained in Orthomol® Immun may cause increased bowel movements.

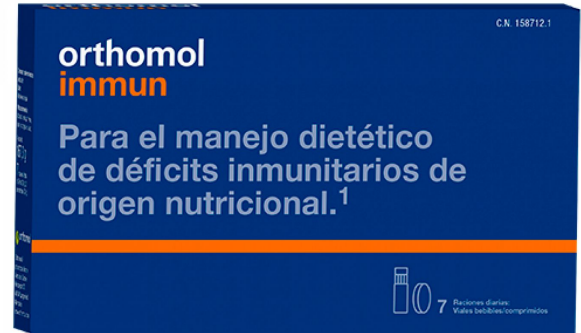

? The product contains beta-carotene which has a strong coloring effect. Some stains, for example on clothing, are difficult to remove.
