Important observations

? Orthomol® Vital m contains iodine. If you suffer from thyroid dysfunction, consult your doctor before taking Orthomol® Vital m. Alternatively you can take Orthomol® Vital m in the form of granules, tablets and capsules that include the iodine tablet separately.

? In case of glucose tolerance disorders, use only under careful metabolic control (4 g of carbohydrates per daily serving). ? Do not exceed the recommended daily dose.

? Food supplements should not be used as substitutes for a varied and balanced diet and a healthy lifestyle. ? Keep out of the reach of little kids.

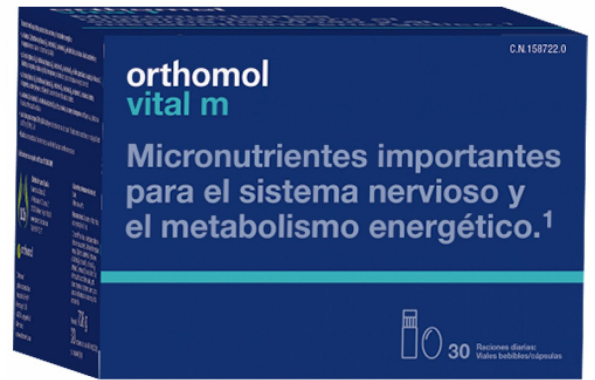

? Orthomol® Vital m contains 165 ?g of biotin per daily serving. If you are having a laboratory test (immunoassay), please inform your doctor and/or the laboratory staff that you take Orthomol® Vital m, as biotin may affect the results of this test.

Other useful information

Orthomol Vital M Drinkable 30 Vials

EAN: 8470001587220 **FABRICANTE:** ORTHOMOL

? Orthomol® Vital m in the form of administration of drinkable vials is gluten-free in accordance with EU Regulation No. 828/2014. It is also lactose free.

? Due to the riboflavin (vitamin B2) content, urine may appear yellow.

? The product contains beta-carotene which has a strong coloring effect. Some stains, for example on clothing, are difficult to remove.

? In isolated cases, slight belching may occur due to the fish oil content (omega-3 fatty acids) in the capsules.

? The gelatin included in this product is of bovine origin and complies with Halal guidelines. Storage Store Orthomol® Vital m in a cool, dry place protected from light.
