EAN: 5600661992130 **FABRICANTE:** OXXY

100% Ozonated olive oil in single doses. OxxyO3 REPAIR is a hyperozonized oil, with a concentration of 1200 IP. It is the product of the OxxyO3 Derma Rescue line with the highest concentration of ozone.

DESCRIPTION

The ingredient in OxxyO3 cosmetics is Ozone, used for skin care, for its antioxidant, regenerating and germicidal properties, necessary to promote better oxygenation and cleansing of the skin. 100% Ozonized olive oil in single doses.

OxxyO3 REPAIR is a hyperozonized oil, with a concentration of 1200 IP. It is the product of the OxxyO3 Derma Rescue line with the highest concentration of ozone. The name REPAIR was taken from the word REPAIR, since the main action of this product is to promote the recovery of injured tissues. Effective in critical skin care, thanks to the unique combination of olive oil and ozone. OxxyO3 REPAIR 1200 is a powerful antimicrobial and disinfectant agent.

ADVANTAGES OF SINGLE DOSE

- Use as needed;
- Lid to preserve unapplied oil;
- Safeguards the loss of product properties;
- Absence of contact with air, which prevents oxidation;
- Prevents contamination during use;
- Allows you to use the product at any angle;
- Practical size for transport, without risk of breakage or loss of product.
