EAN: 5600661992154 **FABRICANTE:** OXXY

100% Ozonated olive oil in single doses. OxyO3 REVIT has a concentration of 400 IP suitable for skin revitalization. Promotes intense and long-lasting hydration of tissues with a protective and soothing effect, for daily maintenance.

DESCRIPTION

The ingredient in OxyO3 cosmetics is Ozone, used for skin care, for its antioxidant, regenerating and germicidal properties, necessary to promote better oxygenation and cleansing of the skin. 100% Ozonated olive oil in single doses.

OxyO3 REVIT has a concentration of 400 IP suitable for skin revitalization. Promotes intense and long-lasting hydration of tissues with a protective and soothing effect, for daily maintenance. It stimulates blood circulation, promoting the supply of vital nutrients, oxygen to the skin cells and the production of collagen, a crucial protein for the last phase of healing and responsible for the elasticity and firmness of the skin.

ADVANTAGES OF SINGLE DOSE

- Use as needed;
- Lid to preserve unapplied oil;
- Safeguards the loss of product properties;
- Absence of contact with air, which prevents oxidation;
- Prevents contamination during use;
- Allows you to use the product at any angle;
