

Oxxy Regen IP 800 5 5 ml single dose

EAN: 5600661992147 **FABRICANTE:** OXXY

OxxyO3 REGEN has an ozone concentration of 800 IP, which allows an antiseptic action and promotes the REGENERATION of the skin.

DESCRIPTION

The ingredient in OxxyO3 cosmetics is Ozone, used for skin care, for its antioxidant, regenerating and germicidal properties, necessary to promote better oxygenation and cleansing of the skin. 100% Ozonated olive oil in single doses.

OxxyO3 REGEN has an ozone concentration of 800 IP, which allows an antiseptic action and promotes the REGENERATION of the skin. It stimulates the granulation and epithelialization process of the skin and increases local oxygenation, thus contributing to healing.

ADVANTAGES OF SINGLE DOSE

- Use as needed;
- Lid to preserve unapplied oil;
- Safeguards the loss of product properties;
- Absence of contact with air, which prevents oxidation;
- Prevents contamination during use;
- Allows you to use the product at any angle;
- Practical size for transport, without risk of breakage or loss of product.
