Phidinut is specialized in food supplements. Phidinut has four product lines. Humectular, eye moisturizer in tablets. Safranin, to regulate the sleep-wake cycle. Try chewing gum, for excellent oral hygiene. Ferrodigest sachets, an iron with fiber to prevent constipation, which is the most frequent side effect produced by iron.

DESCRIPTION

Phidinut is a laboratory dedicated to research, development and innovation. Phidinut has four lines of innovative food supplements, one of eye hydration in tablets, the humectular. One to improve mood and help you fall asleep without producing a hangover effect the next morning, which is safranin with melatonin. Some chewing gum that helps us with digestion, while cleaning our mouth, probicar, and iron with fiber to prevent constipation, ferrodigest.
