

Uriprostat 30 Capsules

EAN: 8435001002647

FABRICANTE: PINISAN

Helps maintain normal prostate function. Improvement of symptoms associated with urinary tract conditions in men, improves flow markers (uroflowmetry): volume of urine eliminated, post-emptying residual volume and urinary flow during urination.

DESCRIPTION

What is Uriprostat from Pinisan?

Capsules with **Flowens**®, a full-spectrum extract of cranberry fruits, which **helps maintain normal prostate function**. Additionally, the formula is reinforced with **vitamin C** and titled extracts from **Epilobio** and **Saw palmetto**.

What is Uriprostat from Pinisan used for?

It serves to improve the hyperactivity of the bladder, whether urinary frequency, nocturia, urinary urgency and incontinence, and its hypoactivity, that is, urinary intermittence, weak flow and urinary retention.

What is the composition of Uriprostat from Pinisan?

The composition of one capsule is:

- **Flowens**® (cranberry): **250 mg** (*Vaccinium macrocarpon*).
- **Ext 10:1 Epilobium** (5% polyphenols): **100 mg** (equivalent to **1,000 mg of Epilobium parviflorum**).
 - **Ext 5:1 Saw Palmetto** (45% Fatty acids): **100 mg** (equivalent to **500 mg of Serenoa repens**).
- **Vitamin C** (L-ascorbic acid): **80 mg** (100% VRN).

What is the recommended daily dose of Uriprostat?

Take one capsule a day.
