

## Propolina Oral Spray 30 ml

EAN: 8435041043716 FABRICANTE: PLANTIS

*Oral spray with Propolis, Echinacea and Thyme and essence of Mint, Lemon and Fennel.*

### DESCRIPTION

#### What is Propolina Oral Spray used for?

Propolina Oral Spray Eco 30 ml is an oral spray with Propolis, Echinacea and Thyme and essence of Mint, Lemon and Fennel. It helps to combat throat discomfort and is useful to combat difficulty swallowing saliva. It has antimicrobial properties that can help fight the build-up of bacteria in the mouth. Propolis and Echinacea also have anti-inflammatory properties that can help reduce inflammation and redness of the gums, which can be useful for people with gingivitis or periodontitis. Mint and lemon essences can provide a refreshing and cleansing sensation in the mouth, while fennel essence can help freshen breath.

#### When is Propolina Oral Spray indicated?

People with gingivitis or periodontitis: Due to the anti-inflammatory and antimicrobial properties of some of the ingredients in the mouth spray, it may be helpful for people with gum disease.

People looking for fresh breath: Mint, lemon and fennel essences can provide a refreshing sensation and help combat bad breath.

People who want to prevent cavities and other dental diseases: Active ingredients in mouth spray, such as propolis, can help reduce the buildup of bacteria in the mouth, which can help prevent dental diseases.

#### Allergies

Some people may be allergic to any of the active ingredients in the mouth spray.

#### Side effects

Some people may experience minor side effects after using the mouth spray, such as mouth or throat irritation, nausea, or diarrhea. If you experience any of these side effects, you should stop using the product.

#### Contraindications

Prices valid except for changes on our website. (IVA/VAT) included. Doc. Version bf-trf-G-20241211
