*As a consequence of the presence of essential oils.

What should the ritual of perfect intimate hygiene be like?

First perform a gentle intimate wash. Wash your intimate area with Fiori di Pompeia Daily Intimate Hygiene Foam when you shower. Its composition respects the Ph of your intimate area, thus favoring the natural defense against vaginal infections.

The second step would be, after drying, to apply a few drops of Oleum intimo di Pompeia in your intimate area. This oil will provide protection to keep your intimate area healthy, hydrated and flexible, thanks to the fact that it contains six natural active ingredients.
