*Pompeia Derm is a natural dermatological cream for the face and body, it contains 98% plant extracts. Thanks to its studied selection of natural ingredients, it is of great help in cases of altered and sensitive skin. It is suitable for all skin types, especially atopic, hypersensitive and fragile.*

### DESCRIPTION

#### What is Pompeia Derm?

It is a unisex dermatological cream with 98% vegetable ingredients indicated in cases of altered and sensitive skin: **atopic dermatitis, psoriasis, couperose, rosacea, flaking...**

With a firming and antioxidant effect, it minimizes the formation of wrinkles, providing elasticity and softness to the skin on any part of the body and face. Also recommended in cases of acne to smooth the texture of the skin.

**Pompeia Derm** is a protective, regenerating and restructuring cream. It is a non-greasy cream, with high penetrating power, it quickly revitalizes the dermis, gives the skin a velvety touch. It is **soothing, healing, moisturizing, nourishing, antioxidant and anti-irritant**. It does not contain parabens and is not tested on animals. Vegan and gluten free.

Contains nine active botanicals:

- Calendula, which has calming, antiseptic, decongestant and anti-irritant properties. It is ideal for skin with cracks and scales.
- Avocado is an ideal balm for dermatitis, eczema and psoriasis due to its moisturizing and healing properties.
- Oats soften, emollient and moisturize the skin, especially on irritated skin.
- Aloe vera is an excellent healing, anti-inflammatory and antioxidant.
- Chamomile gives it soothing and emollient properties.
- Sweet almond oil is an excellent moisturizer, so it has great lubricating power. Prevents the appearance of stretch marks.
- Tea tree oil has antiseptic action against bacteria, fungi and viruses. Its effect has also been demonstrated against vaginal infections caused by candida albicans and trichomonas.
- Wheat germ oil regenerates skin tissue and revitalizes the dermis.
- Vitamin E is an antioxidant, it fades scars and stretch marks.
