

Bio Hazelnut Vegetable Oil 50 ml

EAN: 5420008518348 FABRICANTE: PRANAROM

BIO pranarom hazelnut vegetable oil is indicated for massages, hydration of all skin types and also has culinary properties.

DESCRIPTION

BIO pranarom hazelnut vegetable oil is an oil that is easy to apply, easily absorbed and leaves a satin effect on the skin. It serves as a base ingredient for aromatherapy preparations or as a **toner** for dull or blemished skin. Applied with a **massage**, it tones the body and favors the rapid action of other essential oils that it can accompany.

As a culinary ingredient, its exquisite hazelnut flavor is highly appreciated for garnishing desserts and dietary dishes.

Pranarom BIO hazelnut vegetable oil has a very pale yellow color. It has good absorption. Its smell is mild, reminiscent of hazelnuts. It is very likely that people who are allergic to hazelnuts are also allergic to their oil.
