It is not recommended in children under six years of age. It is also not recommended during the first three months of pregnancy. May cause skin irritation if used undiluted.

What is Pranarom's Black Fir Needles Bio Essential Oil and what is it for?

The *Picea mariana* is a conifer native to Canada, which usually grows on the slopes of the mountains and in swampy terrain. This plant is characterized by having a gray-brown bark, which tends to flake. Its flowers are presented in groups and have an intense red color, while its leaves are needle-shaped. The fruit of this plant is a hanging cone, red-brown in color and 4 centimeters long.

What are the benefits of Pranarom's Black Fir Needles Bio Essential Oil?

Pranarom Black Fir Essential Oil is recognized for its many beneficial health properties. Among them, its antibacterial, anti-inflammatory, fungicidal and parasiticide effects stand out. Additionally, this essential oil is known for its ability to mimic the action of cortisol, a hormone that helps control inflammation in the body. It is also used as an antitussive, expectorant and antispasmodic, which makes it an excellent natural option to relieve symptoms related to respiratory and muscular conditions.

What is the composition of Pranarom Bio Black Fir Essential Oil?

Monoterpenes, bornyl acetate

*Ingredient from Organic Farming (Control Certisys BE-BIO-01) - BIO = Product certified in accordance with ECOGARANTIE® requirements (Control Certisys).

What are the uses of Pranarom's Black Fir Needles Bio Essential Oil?

If you feel tired early in the morning, a natural option to combat it is to mix 2 drops of Black Spruce essential oil and 2 drops of Scots Pine essential oil with 5 drops of Apricot Nut vegetable oil. This synergy can be applied through a massage in the adrenal area, which is located above the kidneys. In this way, you can enjoy the energizing and revitalizing benefits of essential oils, which help fight fatigue and improve general well-being.

What side effects can Pranarom's Black Fir Needles Bio Essential Oil have?

May produce an allergic reaction on the skin.

? Keep out of the reach of children.

? Do not apply undiluted on the skin.

? Do not eat.

? IF SWALLOWED: Immediately call a POISON CENTER or doctor. DO NOT induce vomiting.

? IN CASE OF SKIN CONTACT: Wash with plenty of soap and water.

? Keep away from all sources of heat and light.

What indications does Pranarom's Black Fir Needles Bio Essential Oil have?

For the localized application of essential oils during a massage, a few drops can be diluted in a vegetable oil. In this way, a personalized solution is obtained that adapts to the specific needs of each person. The resulting mixture is applied directly to the skin in the desired area to provide a beneficial and pleasant effect.
