

APITOX FACE CREAM 50 ml

EAN: 8436048047479 FABRICANTE: PRISMA NATURAL

The anti-aging cream contains apitoxin as its main active ingredient, which gives it tightening and repairing properties for the skin by renewing damaged cells. In addition, it acts as an effective protector against free radicals. After use, this cream helps the skin to recover its lost firmness and elasticity, and to significantly reduce wrinkles.

DESCRIPTION

What is Apitox Facial Cream from Prisma Natural and what is it for?

Apitox Facial Cream is a global facial cream that offers complete anti-aging action, providing firming, anti-wrinkle and brightening effects. This cream does not contain parabens and has a formula rich in assets such as bee venom (apitoxin), hydrolyzed collagen, hyaluronic acid and medium-grade sun protection.

How should I use Apitox Facial Cream from Prisma Natural?

Apply a sufficient amount of product to facial skin morning and night and spread with gentle upward movements. Also extend towards the neck and décolleté. Avoid the eye contour.
