What makes Rabenhorst Antioxidant Juice so special?

At Rabenhorst, we ensure that the fruits are processed with the greatest possible care and that we hardly remove any solids during juice production. This means that the valuable natural ingredients are preserved and a pure, unadulterated taste is guaranteed. Since we only use selected, sun-ripened and organically grown fruit as raw material for our antioxidant juice, you will receive fruit juice of the highest organic quality.

What fruits contain antioxidant juice?

Our aromatic multi-fruit juice combines our high-quality straight juices of red grapes, apples, blackcurrants, aronia, elderberries and blueberries, as well as pomegranates and cranberries, with vitamin C-rich acerola pulp for a perfect taste experience with natural vitamin C.
