

Defen Robis 30 Tablets

EAN: 8425198029329 FABRICANTE: ROBIS

Vitamin C is important in maintaining a healthy immune system and in protecting the body's cells against oxidative damage. Additionally, vitamin C helps reduce fatigue and tiredness, which can be beneficial for daily energy and general well-being.

DESCRIPTION

What is Defen Robis and what is it for?

It is a food supplement that serves to strengthen the immune system and prevent infections, including viral and seasonal. In addition, vitamin C can also be useful during convalescence from infectious diseases, as it helps the body to recover more quickly.

Vitamin C is particularly beneficial in the treatment and prevention of infections in the ENT sphere, such as tonsillitis, laryngitis, pharyngitis, rhinitis, sinusitis and otitis. It can also be useful in the prevention and treatment of colds and flu syndromes, as well as in the management of skin infections and digestive conditions, such as gingivitis, canker sores, colitis and parasitosis. In short, vitamin C is an important vitamin for preventing and treating various infectious diseases and maintaining general good health.

What is the dosage of Defen Robis?

You should take two tablets daily with a large glass of water, during breakfast.
