

Dol Robis 60 Tablets

EAN: 8425198029183 FABRICANTE: ROBIS

Dol de Robis is a dietary supplement that has anti-inflammatory properties and can help prevent or reduce headaches, including tension headaches and migraines. It works by relaxing the muscles, which can relieve headaches caused by muscle tension. In addition, Dol de Robis can decrease the release of serotonin and the production of inflammatory prostaglandins, which are believed to be the cause of headaches. It is a natural option to treat headaches of different causes.

DESCRIPTION

What is Dol de Robis and what is it used for?

Dol de Robis is a dietary supplement that has anti-inflammatory properties and helps prevent or relieve headaches, including migraines and headaches. Its ability to relax muscles helps reduce headaches caused by muscle tension. Dol de Robis also contributes to decreasing the production of inflammatory prostaglandins and the release of serotonin, which can relieve headaches with inflammatory or tension origins.

What is the dosage of Dol de Robis?

Take 2 tablets a day, with a sufficient amount of water, divided into two doses, preferably with meals, for a maximum period of 2 months.

What are the ingredients of Dol de Robis?

- Powdered tansy (Tanacetum parthenium L. sumidad florida)
- Linden powder (Tilia argentea L. flowers)
- Passionflower powder (Passiflora incarnata L. aerial part)
- Anti-caking agents (gum arabic and silicon dioxide).

Does Dol de Robis have any contraindications?

It is not recommended during pregnancy and breastfeeding.
