Salus Kindervital fruity is a delicious food supplement for children that provides calcium and vitamin D necessary for normal bone growth and development.

DESCRIPTION

The essential vitamins contained in Salus Kindervital fruity support several important functions in the body, such as vitamins C, B₆ and B₂, which contribute to the normal maintenance of the immune system.

Salus Kindervital fruity is easy to take and helps to maintain the balance between calcium, vitamins A, D, E, C, B₁, B₂, niacin, B₆ and B₁₂. Because these nutrients reach the intestine already dissolved in a liquid medium, they are absorbed more quickly than other dry formulations (e.g. tablets). Salus Kindervital fruity contains various concentrated juices and selected herbs that give it a pleasant taste.
