action, it helps to visibly reduce dark circles and bags, improving microcirculation and thus providing a more revitalized look.

**Acacia Biopolymer (Acacia Senegal Gum)** : It has a lifting effect after 5 minutes of application, leaving skin instantly more rejuvenated.

**Jojoba Oil (Simmondsia Chinensis Seed Oil)** : Provides softness and improves the flexibility of the skin.

**Centella Asiatica (Centella asiatica leaf extract)** : Restructures the collagen fibers that support the skin.

**Essential Trace Elements (Saccharomyces/Zinc Ferment & Saccharomyces/Copper Ferment & Saccharomyces/Magnesium Ferment & Saccharomyces/Iron Ferment & Saccharomyces/Silicon Ferment)** : They are essential minerals in an easily assimilated form. They improve the skin's barrier function, reduce stress and increase cellular energy production.

**Horsetail (Equisetum Arvensis Extract)** : Remineralizing action.

**Hyaluronic Acid (Hyaluronic Acid)** : Obtained from the fermentation of sugars and of low molecular weight, it is a component that is found naturally in the skin and that keeps it in good condition; With age it is lost and that is why an external contribution is especially interesting, since it improves elasticity and firmness.

**Daisy (Bellis Perennis Flower Extract)** : It has depigmenting activity, reduces spots and evens out skin tone. Its effectiveness is supported by clinical studies that show that after 6 weeks with 2 daily applications we can begin to see an improvement in the pigmentation of the spot.

**Phytic Acid (Phytic Acid)** : Obtained from rice, it has a depigmenting action.

**Tangerine Water (Citrus Nobilis Fruto Extract)** : Obtained from the inside of the tangerine cells, it largely replaces the water in the formulations and provides luminosity.

**Aloe Vera (Aloe Vera Leaf Juice)** : It has just replaced the water in the formulations. Provides regenerating power and hydrates.

**Echinacea (Equinacea Purpurea Root Extract)** : Improves the skin's defenses and tones.

### How to apply?:

1. It is very important to start with a good cleaning, since the product will not penetrate or act in the same way. Use Savages facial cleansing milk with your fingertips or a cotton pad and remove with water or cotton.
2. Apply Savages lifting effect eye contour both day and night in the contour area by tapping to activate circulation from the inside out.
3. For an intensive treatment twice a week before going to bed, use the contour mask to revitalize and further nourish the area.

4. If we also include the serum in our routine for a more intensive treatment, we will apply the serum first and then the contour. To complete the ritual, apply Savages facial cream day and night.

### Tips:

To help activate microcirculation in the eye contour area, we recommend these massages when applying the Savages lifting effect eye contour. If you also notice bags or congestion when you get up, since it is typical to retain fluids due to inactivity and pressure from the pillow, they will help you improve the appearance of the bag.

1. We pinch the eyebrows towards the tail of them, to decongest the upper eyelid.
2. Performing gentle touches from the upper eyelid from inside the eyebrow towards the temples and on the lower eyelid from the outside towards the tear duct, making a circle.
3. If you notice a lot of bags and fluid congestion then it is better to do the massage from the inside out, towards the temples.

You will repeat each movement 3 to 5 times.
