Phone: 965 637 004

Foundation year: 1916

Country: DE

Web: <https://salus.es/>

Schoenenberg is one of the Salus brand products. Salus began marketing infusions, looking for top quality plants, the vast majority free of pesticides and chemical fertilizers and also wild plants. Salus makes natural medicinal products.

DESCRIPTION

Salus began its journey in 1916 when its founder, a doctor and veterinarian by profession, was tired of trying remedies that did not cure his disease. It was he who, through plants, found the cure for his disease and decided to create a factory to make his natural medicinal products available to everyone.
