SO'BiO étic® LIPID-REPLACING Shower Cream with organic shea butter nourishes dry skin, even the most sensitive, thanks to its innovative SULPHATE-FREE formula.

DESCRIPTION

Sulphates can cause dryness, irritation and an unpleasant feeling on the skin. Without reducing its effectiveness, the elimination of sulphates from this SO'BiO étic® shower cream means that it forms less foam, but is more gentle on your skin.

TESTED UNDER DERMATOLOGICAL CONTROL:

SO'BiO étic® shower products protect the skin's hydrolipidic film against external aggressions, which can cause irritation.
