EAN: 076280596441

FABRICANTE: SOLARAY

*Solaray Bacopa is a dietary supplement traditionally used to provide nutritional support to the cognitive system.*

### DESCRIPTION

Bacopa from Solaray is successfully used in the treatment and prevention of cognitive disorders of aging and has sedative, diuretic, antiepileptic and bronchodilator benefits. It also works as a support in attention deficit disorder (ADD) and attention deficit hyperactivity disorder (ADHD).

### Ingredients

Bulking agent: cellulose, vegetable cellulose capsule; Bacopa ( *Bacopa monnieri*) (leaf extract) (guarantees 20% bacosides A&B), organic rice extract blend, anti-caking agent: silicon dioxide.

Per 1 capsule: Bacopa leaf extract (20 mg bacosides A&B) 100mg, bulking agent: cellulose, vegetable cellulose capsule, organic rice extract blend, anti-caking agent: silica.

### Instructions for use

Take one VegCap daily, preferably with food.

### Warnings

Bacopa monnieri has been reported to reduce the toxicity of morphine and phenytoin. In addition, it has been noted that bacopa monnieri may cause a mild sedative effect, therefore, caution is recommended when using bacopa monnieri extracts concomitantly with other drugs. Cases of specific hypersensitivity to the plant.
